

Eco-Responsible Product

Super-Bright Outdoor 15" LCD Monitor LXL-150-R

-Very Low Power Consumption
Energy Star® 5.1 Compliant

-Long Life LED Backlight
High color saturation and depth

-Eco-Responsible Recycleable Product
RoHS Compliant

-Vandal Resistant Protective Glass

-Remote DC Power Optional

SUPER-BRIGHT DISPLAY

For commercial digital signage solutions, LuxLCD offers outdoor displays that are far more than "sunlight readable". With over 1500 cd/m2 luminosity, the LXL-150 provides vivid images that get noticed even in direct sunlight, without the use of anti-reflective coatings or filters.

OUTDOOR OPERATION / FANLESS DESIGN

The LXL-150 is designed specifically for outdoor use, capable of operating reliably in extreme temperatures of -40 to +50C. Fanless design ensures quiet operation.

SOLID-STATE LED BACKLIGHT

Unprecedented reliability, long life and superior colour gamut with solid-state LED backlight.

SUPERIOR 3 YEAR/5 YEAR WARRANTY

Our comprehensive 3 year warranty includes coverage you won't find anywhere else. It covers everything except physical damage or theft, and you can upgrade to 5 years of coverage anytime.

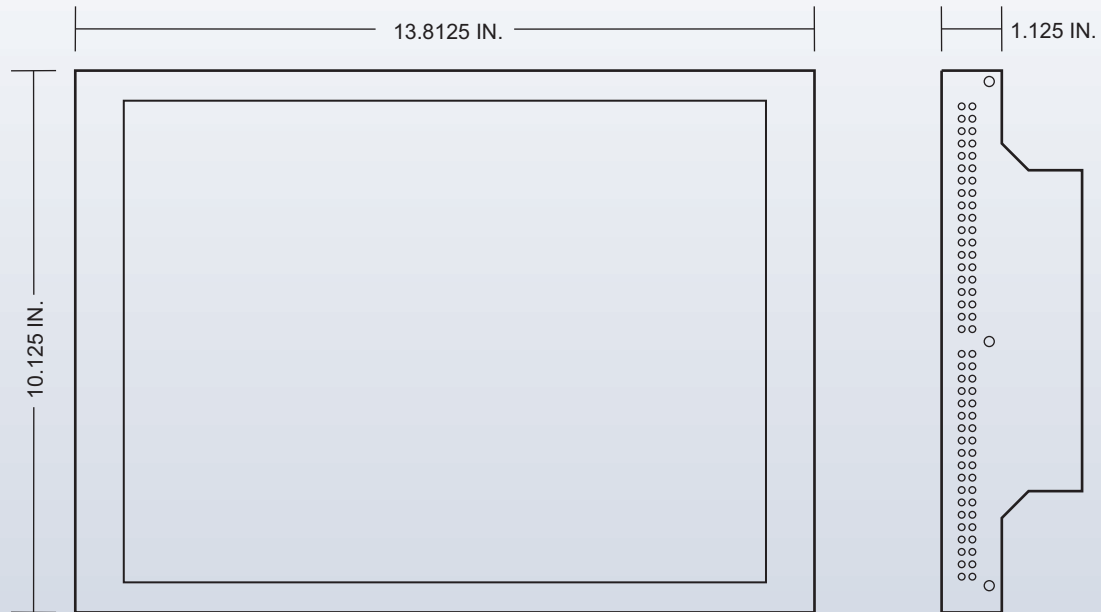

REMOTE POWER OPTION

This LCD can be powered remotely by 24VDC with optional power converter for sites that do not have AC power at the point of display.
